

TARC (1999-2000)

I started my academic career in [Tunku Abdul Rahman College \(TARC\)](#) , joining the School of Business Studies as a lecturer in March 1999. With the mission of providing quality and affordable education, TARC is a teaching-intensive public institution of higher learning. During my time, a teaching load of 18-20 hours per week was the norm. Nevertheless, my 20-month stint at TARC has equipped me with the necessary skills to be an effective teacher.

Below is the list of courses that I taught (lectures & tutorials) in TARC:

-

Introduction to Accounting

-

Fundamental of Accounting

-

Fundamental of Finance

-

Finance of International Trade

-

Managerial Finance (ACCA, Paper 8)

-

Financial Strategy (ACCA, Paper 14)
